

GOV'T TURNS OVER DRY LAW PROSECU- TIONS LOCAL COURTS

STATE'S ATTORNEY AT CHICAGO
ASKED BY ATTORNEY GENER-
AL TO PROSECUTE THEM

THIS ACTION, IF MADE GENERAL,
WILL MEAN LESS STRINGENT
PROSECUTION, BELIEVED

(By United Press.)
Chicago, March 17.—The United States government today quit the prosecution of liquor law violation cases and turned them over to local authorities for action.

Robert M. Crowe, state's attorney, was asked by representatives of Attorney General Daugherty to accept responsibility for enforcing the prohibition laws, and accepted today, announcing all cases in the future would be tried in municipal courts.

Crowe accepted the job on solicitation of District Attorney Cline who presented the letter from Daugherty. It was expected here that similar steps would be taken throughout the country. Crowded conditions on the dockets of federal courts was assigned as the reason, it was said.

Thousands of liquor law cases are pending here. Under the new plan federal authorities will obtain evidence and then turn it over to the city. Less stringent prosecution of violators amounting to virtual home rule on the liquor question was seen by bone dry agitators here today.

Federal Prosecutions at St. Paul
St. Paul, March 17.—Federal prosecution of liquor law violators will continue in this district, Alfred Jaques, United States district attorney, said today.

NET RAIL EARNINGS CALLED LESS IN 1921

Chicago, March 17.—The railways of the United States in the last six months of 1921 had total earnings 50 per cent greater than for the last six months of 1916, but they earned a smaller net return than five years ago, Samuel O. Dunn, editor of Railway Age, asserted in an address before the Chicago Association of Commerce.

The railways, he said, earned \$5,000,000 a day more in the last six months of 1921 than in the same period for 1916, but the operating expenses were \$5,000,000 a day greater. In the last half of 1916 operating expenses were \$6,140,000 daily, he said, while in the last half of 1921 they were \$12,100,000 daily.

The average wage per hour of railway employees now is 120 per cent more than it was five years ago, he said, and coal costs twice as much.

CHICAGO WOMAN SHOOTS HUSBAND AS HE LAY ASLEEP

SAYS HE CHIDED HER BECAUSE
OF HER INABILITY TO
HAVE CHILD

(By United Press.)
Chicago, March 17.—Mrs. Rosa Abrahamson shot and killed her husband as he lay asleep today. She lit a match to see if he was dead, calmly dressed and surrendered to the police.

"He chided me because of my inability to have a child," she told the police. "I just couldn't stand it any longer."

After saying she was very tired and "this has been a horrible night," she was allowed to rest before continuing her story.

The story:
"For three years, ever since we were married, we wanted a child. He chided me. His abuse became worse. I lost courage. I wrote him a note saying he would never have an heir. This made matters worse."

"Last night he read the papers and retired. I hid the revolver under the mattress. When I awakened this morning I took the gun and shot him through the temple. Then I lit a match to see if death had come. I dressed. Here I am. No, I am not sorry."

FOUR BANDITS ROB SANTA FE TRAIN; ONE IS CAPTURED

(By United Press.)
Chicago, March 17.—Four bandits boarded a Santa Fe train, No. 17, west bound, early today near Galesburg and overpowered the express messenger and seized a large quantity of express shipments, according to word received by railroad officials here.

According to reports made to the Santa Fe officials here, one of the bandits was captured. The loot was thrown out of the door of the express car and loaded in a truck. Some of the packages were recovered along the right of way. The robbery was staged while the train was in motion.

'21 PASSENGER TRAFFIC SLUMPS 20 PER CENT

(By United Press.)
Washington, March 16.—Passenger traffic on class one railroads during 1921 was 20 per cent less than in 1920, according to reports compiled today by the carriers for the interstate commerce commission. A similar condition was reported last month as to freight traffic.

Total passenger miles reported for 1921—the number of passengers multiplied by the miles carried—amounted to 37,332,000,000, compared with 46,841,000,000 in 1920. Total revenues from passenger fares were \$1,253,752,000, or \$133,671,000 less than in 1920.

POLICE ARREST NOTORIOUS BANDIT; O'CONNOR'S FRIEND

JAS. LA PORTE TAKEN INTO CUS-
TODY AT RACINE AS SUSPECT
PALMOLIVE CO. ROBBERY

(By United Press.)
Milwaukee, March 17.—After several hours' grilling, James La Porte, friend of Tommy O'Connor, Chicago gunman, who escaped a few days before he was to be hanged, refused to talk when questioned regarding the whereabouts of O'Connor.

La Porte was taken into custody at Racine yesterday as a suspect in the \$19,600 Palmolive company pay roll robbery, and police intimidated last night they believed La Porte may have been the leader of the bandits.

La Porte was identified yesterday as being the man who purchased a sawed off shot gun which was used in the robbery and found later in the abandoned bandit automobile.

With five other friends of O'Connor, local police soon expect to locate O'Connor and clear up the Palmolive robbery and clear the west of the most powerful criminal band that has operated in this section of the country.

AFRICAN NATIVES AT- TACK POLICE STATION; 20 KILLED, 30 HURT

(By United Press.)
London, March 17.—A central news agency dispatch from Nairobi, British East Africa today said that a mob of nearly 1,000 natives attacked the police station demanding release of Khutu, a prominent agitator.

They refused to disburse when ordered, and the police fired a volley into the mob killing twenty and wounding thirty and scattering the rest.

FIGHT BETWEEN IRISH FACTIONS; 1 KILLED, 2 HURT

(By United Press.)
Cork, March 17.—A pitched battle between members of the Free State band which was celebrating St. Patrick's day and a group of Republican extremists, resulted in the killing of one bandman and the wounding of two others early today. One Republican sympathizer was wounded.

FILES FOR ATTORNEY GENERAL OF N. D.

(By United Press.)
Bismarck, March 17.—George Shaffer, assistant attorney general, will be a candidate for attorney general, subject to the Republican state convention at Jamestown, he announced today.

Svenbjorn Johnson, who was elected attorney general upon the recall of William Lemke last fall, will not be a candidate, it was understood.

HEAD-ON COLLISION BETWEEN N.P. TRAINS NEAR BUTTE, MONT.

TWO PERSONS ARE KILLED AND
THREE INJURED—CRASH
ON GRADE

(By United Press.)
Spokane, Wash., March 17.—Two persons were killed and three injured when a Butte local, No. 20, crashed head-on into a Northern Pacific train, No. 1, west bound. They crashed on a mountain grade near Butte, Montana, early today. The crash occurred 25 miles east of Butte. The fireman on the local and one unidentified man was killed, according to long distance telephone reports to Northern Pacific officials here.

Minnesota Northern Pacific officials in St. Paul had reports that only the fireman was killed and that no others were injured.

Immediate Withdrawal Of American Troops From Rhine Voiced

(By United Press.)
Washington, March 17.—Demands for immediate withdrawal of all American troops from the Rhine, as an answer to the allies' refusal to permit payment of the \$241,000,000 due to the United States for their maintenance, was voiced in the senate today by Senators Borah and Underwood.

FORD IS LARGEST INCOME TAX PAYER

Washington, March 17.—Approximately one-eighth of the income tax payments will come from 1,088 wealthy individuals, the treasury estimates. This year, these persons whose incomes are in excess of \$200,000 a year will have a combined income of approximately \$426,600,000, of which the government will take approximately half in taxes.

No estimate is available as to the number of returns that will be filed this year but it is believed it will not exceed 3,500,000. All persons with net income of \$1,000 or more must file returns. During the war period the total was in excess of 5,000,000. The annual flood of money already has started into the treasury but officials believe the eleventh hour rush over the country will be comparatively as great as ever.

No preliminary reports have yet been received.

The eleventh hour has brought some interesting "feature stories" regarding this year's payment. One is that Henry Ford will be this year's largest taxpayer with a payment of \$27,000,000. This would be an income in excess of \$50,000,000.

Another is that King George of England and ex-Kaiser Wilhelm of Germany are paying here annually on investments. The tax is said to be taken out of their dividends by their representatives here before they money is sent to them. All these stories lack verification because of the extreme confidential nature of income tax returns.

CANCEL ALL DEBTS OF WAR, KAHN URGES

New York, March 17.—Otto H. Kahn, banker, in a speech before the Advertising club, recommended that the United States cancel the Allied debt of \$11,000,000,000 provided the various European nations agreed to cancel debts among themselves. He argued the Allied debt cannot be collected and asserted that if it could, its collection would greatly damage the United States.

In return for cancellation of the debt, Kahn would expect America to exact from all the great powers, from Great Britain to Czech-Slovakia, the pledge of action to destroy conditions which have Europe seething with turmoil and gripped by distress.

Kahn asserted that payment of reparations would develop a world menace in the creation of a new low standard of living throughout central Europe.

"These debts are justly due us," said Mr. Kahn. "No apology is called for from us for claiming them as valid obligations. But, while I am convinced these debts are justly due us, I know of no way in which they can be collected without consequences ruinous to most of our debtors and highly damaging to ourselves."

WAGE REDUCTIONS ARE NECESSARY SAY OPERATORS

(By United Press.)
New York, March 17.—Wage reductions in the anthracite field are absolutely necessary, a statement issued by anthracite coal operators through Samuel Warriner, chairman of their general policies committee, said today.

This statement was in reply to a demand by anthracite miners for twenty per cent wage increase. The coal operators announced their willingness to consider any proposition relating to wages and working conditions submitted by either party and to leave the amount of the wage decrease to the negotiating committee.

BOOZE SCHOONER WITH 4,000 CASES OF WHISKEY SEIZED

AFTER DESPERATE FIGHT WITH
SMUGGLERS; TWENTY-FOUR
MEN ARRESTED

(By United Press.)
New York, March 17.—A schooner containing four thousand cases of liquor valued at half a million dollars, was seized by a special customs squad of fifteen men today after a desperate fight in which revolvers and clubs were freely used.

Twenty-four men were arrested in connection with the alleged smuggling, and a truck and three automobiles were captured.

TREATY ADOPTION BY 5 VOTES SURE

OPPOSITION CONCEDES RATIFICA-
TION OF FACT—VOTE SET
FOR MARCH 24

Washington, March 17.—The four-power Pacific treaty will be brought to a vote in the senate at noon Friday, March 24. A unanimous consent agreement to this effect was entered into by the opposing factions. Unless all signs fail, the treaty will be ratified by a margin of five or six votes and the other six pacts negotiated by the armament conference will be approved as a matter of course.

The agreement provides that no further votes on amendments or reservations shall take place before next Tuesday. On the following day debate limitation will begin under which senators will not be permitted to speak more than half an hour. The senate will meet at noon Friday, March 24, and proceed to vote without further debate, under the terms of the agreement.

The opposition, in agreeing to vote, virtually conceded the uselessness of prolonging the struggle. Further defections from the anti-treaty ranks were reported today so that, according to the more carefully revised figures, not less than 11 democratic senators can be counted upon to follow their leader, Senator Underwood, in favoring ratification on the final roll call.

Senator J. W. Kendrick of Wyoming, democrat, let it be known today that he would support the treaty, and Senator Park Trammell of Florida gave assurances that he would do likewise. Both these senators had been placed in the doubtful column.

Costly Propaganda for Treaty

Washington, March 17.—Charges that propaganda—alleged to cost millions of dollars in one case—was being used by both sides in the treaty fight, was charged by senators today during the debate on the four-power Pacific pact.

Senator France of Maryland, treaty opponent, alleged that "very large sums, perhaps as high as \$2,000,000 were being used to stir up sentiment for ratification."

Senator Willis, of Ohio, and Senator Pomerene, of Ohio, both called on France to furnish facts, but he said he had no information. He in turn urged that Willis ask for a senatorial investigation.

Minn. Fed. of B. & P. Women's Clubs

St. Paul, March 17.—Plans for the formation of women's clubs throughout the state will be formulated at the convention of the Minnesota Federation of Business and Professional Women's clubs today.

3 CHICAGO DOCTORS, WOMEN COMPANIONS HELD UP BY BANDITS

FORCED TO ENTER BANDIT CAR,
DRIVEN TO COUNTRY AND
ROBBED OF \$1,000

(By United Press.)
Chicago, March 17.—Three prominent Chicago physicians and their women companions were kidnapped and robbed early today by motor bandits.

The party of six had just returned from a party and had stopped their car at the apartment of Miss Katherine Frazier on the north side. Three youthful bandits covered the party with guns and forced them from the auto. They were marched down the street several yards and forced into an expensive touring car. The bandit car was driven madly by one of the youths.

At the outskirts of the city, \$4,000 in jewelry and \$100 in cash was taken from the six, and they were then shoved from the auto.

The victims were Dr. John Muzum, Dr. Alton Ochsner, Dr. R. W. Rudolph, Mrs. Gretchen Rohr, Miss Katherine Frazier and Miss Isabel Lockwood.

Loot Is Recovered

Galesburg, Ill., March 17.—A daring attempt to rob an express car of the Santa Fe train No. 7 was frustrated early today.

The agent at Williamsfield, two miles from here, saw large boxes thrown from the door of the express car as the train sped by. Police at Galesburg were notified, and the packages strewn along the tracks were recovered.

Henry Johnson, colored, who was near the scene at the time is under arrest. He denied participation, declaring two white men boarded the train at Chillicothe. It was believed the two men escaped from the train as it stopped at Galesburg. Officials believe most of the loot has been recovered.

JURY IN FATTY'S THIRD TRIAL IS FINALLY MADE UP

San Francisco, March 17.—The jury in the Roscoe C. Arbuckle case was finally completed and sworn in at the conclusion of the court session yesterday. The film comedian is facing his third trial on a manslaughter charge in connection with the death of Miss Virginia Rappe, film actress. Four women are on the completed jury. Final selection of the jury came after the defense had used eight of its peremptory challenges and the state four. The work of determining the jury was started Monday and completed in two days less time than in either of the preceding trials.

Superior Judge Harold Louderbach ordered the jury locked up for the period of the trial and the male jurors were placed under guard of two deputy sheriffs. A matron was in charge of the women jurors. The jury as completed contained a publisher, a broker, a retired liquor dealer, a banker, housewives and business men.

Interest in the case heightened with the selection of the jury, but still remained below that displayed in either of the first two trials.

SOUTH AFRICA MINE STRIKE CALLED OFF

Johannesburg, March 17.—The strike of miners which has held South Africa in its grip for more than two months, has been called off.

The decision was taken by the old South African Industrial Federation, as distinct from the federation's augmented executive.

It announced first, that the general strike was null and void; second, that the augmented executive would call off the mine strike, and, third, that complicity in the revolution against the government was repudiated by the federation.

Order has been completely restored. The police declared they have voluminous evidence showing that a Bolshevik plot was responsible for the revolution. The revelations will be astounding, they assert.

A government official declares the prisoners exceed 6,000 and that those among them responsible for outrages will be dealt with.

The railway men have resumed work.

WHEAT IN MILLS AND ELEVATORS IS SMALLEST IN 10 YEARS

(By United Press.)
Washington, March 17.—Wheat in mills and elevators in the country on March 1 was estimated today by the department of agriculture at 72,564,000 bushels. With the exception of March 1, 1918, this is the smallest quantity on record during the past ten years. Unusual heavy exports of grain reduced the supply, the department stated. Only nine per cent of the 1921 crop of wheat remains in the country mills and elevators.

STRONG ARM RULE TO PASS BONUS BILL

(By United Press.)
Washington, March 17.—Although Republicans may use a strong arm special rule for passage of the soldier bonus bill, the house rules committee will veto any czarist attempts, Chairman Campbell told the United Press today. Should house leaders fail to oust Speaker Gillett to let the measure come up Monday under suspension of the rules gag plans, they must then turn to the rule committee for a special rule—a rule which will follow the Republican conference, not merely the ideas of those desiring to ram the bill through the house.

RED WING AND MADISON HIGH PLAY FINAL GAME

MADISON DEFEATS WADENA IN
SENSATION GAME—FINALS
TONIGHT

(By United Press.)
Northfield, March 17.—Red Wing and Madison high school will meet in the finals for the state high school basketball championship tonight. Red Wing defeated Duluth Central in the semi-finals 30 to 25.

Madison eliminated Wadena this morning 35 to 34 in an exciting extra period game.

Red Wing was the favorite over the flashy Madison team this morning.

The Red Wing squad defeated some of the strongest teams in the tournament in the preliminaries, and Duluth Central was not an easy foe in the semi-finals. Red Wing got into the semi-finals last year when Minneapolis Central won the championship of 1921.

Unerring shooting of Hendrickson and the driving game of the Madison five put them into the finals.

At the end of the half, Madison held a 16 to 8 lead over Wadena. Wadena began a smashing attack in the third quarter, and at the end of that period held the lead 26 to 21.

Madison rallied and with one minute to go, the score was Wadena 30, Madison 29. Merickel made a free throw and Tosto dropped in a field basket tying the score at the final gun, 31 to 31. In the extra period Tosto and Merickel, the opposing centers, each scored from the field again, tying the score.

Johnson, Madison substitute, dropped in a long shot from the side line. Merickel made a free throw for Wadena. Final score, Madison 35, Wadena 34.

It was the best game of the tournament, and Hendrickson was easily the best man in the game, and the outstanding star of the tournament.

151ST ARTILLERY ARE INDEPENDENT BASKETBALL CHAMPS

(By United Press.)
St. Paul, March 17.—The 151st Field Artillery five of Minneapolis today held the state independent basketball championship.

The gunners defeated the Fergus Falls American Legion team last night 24 to 11.

Another tournament will be held next year.

Files For State Senator

(By United Press.)
St. Paul, March 17.—C. G. Dausland, of Moorhead, today filed with the secretary of state as candidate for state senator from the 39th district.

He will oppose Senator F. H. Peterson of Moorhead, who has been a member of the state senate for many years.

MILLIONAIRE IS SENTENCED TO WORK HOUSE

YOUNG DODGE HAS TO SERVE
TERM FOR DRIVING AUTO
WHILE DRUNK

(By United Press.)
Detroit, Mich., March 17.—John Duval Dodge, scion of the millionaire automobile family, was vaccinated and set to work with other inmates of the Detroit house of correction today.

Dodge was sentenced to five days in the work house by Judge Bartlett after conviction for violating the speed laws. His license was revoked, and was fined \$100.

As soon as Dodge's five days are up, he must return to Kalamazoo, where charges against him alleging violation of the liquor and automobile laws are pending. These were the outgrowth of a Sunday night party during which Emiline Quakerneck was injured when she fell from his car.

Dodge in court was served with papers in a \$10,000 damage suit by Edwin Schultz, 12, who was run down by a car driven by Dodge several weeks ago.

The wealthy young man was hauled to the work house in a patrol wagon. Dodge last night slept in an end bunk in the big corridor near a snoring drunk man sentenced to thirty days.

Money and cigarettes were taken from Dodge when he was "checked in." "Can't I have my cigarettes?" he asked the jailer.

"You can have cigarettes when you earn them," was the answer.

Dodge Released on Writ

Detroit, Mich., March 17.—John Duval Dodge, of the millionaire automobile family, sentenced to serve five days in prison for speeding, was released today on a writ issued by Circuit Judge Jayne.

Dodge spent one night in the house of correction.

The writ was issued on appeal by Dodge's attorneys, declaring he was being illegally detained.

The judge ordered Dodge held in custody until 5 p. m. today when the petition by the attorneys will be read.

NEW YORK SALESMAN DIES IN SAINT PAUL

St. Paul, March 17.—W. T. Cowperthwaite, New York City, died of heart trouble at midnight in a hotel here. He was a well known curtain salesman.

County Conventions Held Saturday

St. Paul, arch 17.—Republican county conventions will be held in every county of the state Saturday. Delegates were elected at precinct caucuses last Tuesday.

In St. Paul and Minneapolis congressional district conventions for the fourth and fifth districts also are to be held.

The county conventions are to select delegates to congressional district conventions which will be held March 30, with the exception of the fourth and fifth districts.

The Republican state convention will be held at the St. Paul auditorium on March 31, when recommendations will be made for state officers and senators.

STOPPING CAR ON RAIL CROSSING VERY NEGLIGENT

SUPREME COURT SETS ASIDE VER-
DICTS FOR CAR OWNER FOR
THIS REASON

(By United Press.)
St. Paul, March 17.—Stopping an automobile on a railroad crossing, especially when a train is approaching, is "very negligent" the supreme court decided today.

William Anderson drove his machine on a Great Northern crossing in Carlton county in 1919 and a switchman hailed him.

Anderson left the car on the track. The section hand told him a train was coming. Anderson leaped into the car and started it just as the train crashed into it. He was hurled into a hayrack and the car was demolished.

Carlton county court awarded him \$4,900 damages. The supreme court stack, and the car was demolished.

Carlton county court awarded him \$4,900 damages. The supreme court stack, and the car was demolished.

THE WEATHER

Forecast for next 24 hours:
 Minnesota—Unsettled tonight and Saturday in north-west portions. Slightly warmer in northeast tonight. Fresh to strong east to southeast winds.

Cooperative observers record:
 Mch. 16—Maximum 30, minimum 23 above. Reading in evening 25 above. Partly cloudy.
 Southeast wind.
 Mch. 17—Minimum during night 23 above. At noon 26 above.

county convention Saturday afternoon.

ALL FIXED FOR DEMPSEY TO MEET BIG NEGRO

By HENRY L. FAIRRELL
 (United Press Staff Correspondent.)

New York, March 17.—After passing through all the required motion of the necessary "smoke-up," the Dempsey-Wills heavyweight championship battle is ready for the bidders.

The fight between the champion and the "brown panther of New Orleans" is a sure thing for the "Fourth" or Labor Day. The site is not as certain, but it probably will be New York or New Jersey. As an arena is already standing in Jersey City, and since Gov. Edwards has let it be known out loud that he will put nothing in the way of the fight, Jersey City probably is the place.

Making a heavyweight championship in these days of million dollar gates and half-million dollar purses involves a complicated process of building up. Jack Kearns, manager of the champion, is the artist de luxe of this new business. He built up the Carpentier fight which was worth almost a half-million to Dempsey and himself and he has worked up the Wills thing, which will pay almost as much, until it is ready for presentation.

Dempsey never did draw the color line. Dempsey never has drawn any kind of a line. Kearns allowed the story to circulate that the champion was afraid of Wills and that he would crawl out on the color alibi. Meanwhile the colored man kept a discreet silence. He didn't make himself look bad by running around challenging Dempsey for a fight. Rather he assumed the role of a humble martyr. He said he thought he could lick "Mr. Dempsey," but he wouldn't ask him for a fight when the public didn't like mixed bouts.

Having put the sounder out over the country and having learned that Congress probably wouldn't be called in special session to save the white race if the match were made, Kearns allowed himself and Paddy Mullins, Wills' manager, to be seen in public and they let it be known that they were ready to fight—if the public wanted it.

Apparently the public wants it but some skepticism had crept into print about the ability of the colored fighter. Then Kid Norfolk was dragged into the ring with his robes and crown of negro heavyweight champion to do Bat Levinsky being pulled into the battle with Wills. It was just like ring and being operated on for his world's light heavyweight championship to make Carpentier "good" for Dempsey.

It's a cinch that the arrangements have been made months ago for Dempsey to take a fall out of Wills. It is a good drawing match. With Carpentier it was America against a foreigner. In this case it is the best white man against the black man. Dempsey was larger than Carpentier. Wills will tower over Dempsey. A good match!

No one knows—and perhaps no one cares—what Wills will be able to do

SUCCEEDED HAYS AS POSTMASTER GENERAL

So effective had been the work of Herbert Work, assistant to Postmaster General Will H. Hays, who quit President Harding's cabinet to become director general of the moving picture industry that President Harding chose him to succeed his former chief.

to Dempsey. Against Norfolk, the big colored man had no chance to show his real ability. He did show that he is dangerous when he can hit in a clinch or when he can wrap a long-snake-like left around an opponent's neck and tear in with his right.

It's one large size cinch that he never will do that to Dempsey. If he gets in close to the champion he won't have the chance to use the right. If he tries any wrapping, he'll get rapped to the floor.

There is no reason to believe that Wills has a chance against the champion, but still he does seem to be the best heavyweight under Dempsey. Regardless of his merits, however, the fight will draw a monster crowd as 90,000 turned out to see Carpentier when it was a generally conceded, if not loudly voiced fact, that the Frenchman never had a chance.

Daily Thought.
 The world is a comedy to those that think, a tragedy to those that feel.—Walpole.

A Women's Way

"I tried for four months to get my wife to try Maytag's Wonderful Remedy, which I know had helped a friend of mine who also suffered from stomach trouble. She insisted her case was different. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Advt.

He's Better Off Than I Am

A business man of thirty had a young mechanic repair his car. As he watched the work his thoughts ran thus:

"That mechanic supports his wife and baby on an income half as large as mine. Yet he saves and I don't. When he's my age he'll have a thousand dollars or so or a home half paid for. He's better off than I am."

Now the business man has a regular saving plan.

SAM BUTTRESS ON HIGH SEAS

Had a Splendid Sea Voyage, No Drink
on Vessel Until 20 Miles Out
of New York

MANY ELKS, K. P.'S. ON BOARD

Thanked Elks Lodge for Box of Cigars—Is Now Established at
Portsmouth, Eng.

Sam Buttress, over 80 years of age, and one of the best known citizens of Brainerd, life member of both the Elks and Knights of Pythias lodges, in a letter to Col. C. D. Johnson describes his experiences on the high seas. He says in part:

"A few lines to let you know that we arrived here (Portsmouth, England, February 28th) safe and sound. We had a splendid voyage across, but I want to tell you, if any one thinks they can get a drink three miles from New York they are quite mistaken.

"We must have been nearly 20 miles out before we got a drink. They have to be three miles from land in every direction before you can get a drink. I tell you Charley, old boy, I met a lot of Knights of Pythias and Elks on board. They are all good fellows.

"I just had two glasses of half and half. I got two bottles of beer and one of porter on my right hand, so I can get a drink any time I feel like it. I wish you was here to help me out.

"Now I want to thank the B. P. O. E. No. 615 for the box of cigars they presented me with and I wish to say that if I knew any of them were coming this way within 50,000 miles I would try to meet them if possible. I wish you would read part of my letter to the lodge and let them know I appreciate what they did for me.

"I have not been out much yet. My niece is out now trying to find a nice house for sale and then I will have to go and look at it. Well, I want to tell you it is an awful job to get out of the country. I had to pay \$9 for a passport and \$10 in New York to British consul for vizing it. I also had to pay \$18 for an exemption paper. It seems nobody wants people to go out of the United States. I paid \$10 a day in New York for a hotel at which I stayed three days.

"Well, I wish you goodbye for the present. When I get settled down I will write again. Give my kind regards to all the B. P. O. E. and the K. P.

Your friend,

SAM BUTTRESS

Mr. Buttress' address for the present is 34 Wymering Road, North End, Portsmouth, England. When one thinks of his age, one is astonished to see the splendid hand writing of his. Every letter is legibly written. It is a pleasure to read Sam's letter and others will also be pleased to see it in print.

CHICAGO'S PRETTIEST GIRL BECOMES BRIDE

Miss Marcella Kinard crowned queen of Chicago's Pageant of Progress last year, has just become the bride of Captain Horace E. Eakins, U. S. A. The army officer met Miss Kinard for the first time at the pageant and it was a case of love at first sight.

VERA POPPE' CELLO SOLOIST

Renowned South African Cellist to
Appear Under Brainerd Musical
Club Auspices Sunday Afternoon

Miss Vera Poppe', renowned South African cellist, will appear under Brainerd Musical club auspices Sunday afternoon at the New Park theatre. Critics in London, New York, Chicago and other American and European cities pronounce Miss Poppe' one of the most brilliant cellists of the day.

She was born in Capetown, South Africa, and on her mother's side is of Russian descent.

The New York Tribune says: "Miss Poppe' is an artist of attainments, a sincere musician, the possessor of an excellent tone, and an admirable technical equipment".

Charles D. Isaacson of the New York Globe says: "She bows with virility, and brings out a singing tone".

H. L. Hewes of the Toledo Blade says: "Vera Poppe', whose G string sings in tones to coin a phrase to fit the fact of liquid velvet, and whose adroitness in bowing and double stopping is a gracious experience. So enthusiastically was Miss Poppe' re-engaged next year".

First Peeress To Sit
In the House of Lords

Right Idea of "Drudgery."

The secret of success still lies in the same old word, "drudgery." For drudgery is the doing of one thing, one thing, one thing, long after it ceases to be amusing; and it is this "one thing" I do that gathers me together from my chaos, that concentrates me from possibilities to powers.—W. C. Gannett.

Exhaustive.

He (proposing)—"I've saved up enough to live at the rate of \$10,000 a year." She—"For how long?" He—"Oh, six months."—Boston Transcript.

When Five Cents Looked Large.

Among the day's pathetic figures is the local storekeeper who, locked in a telephone booth by a holdup man, didn't have a nickel to phone for the police.—Boston Transcript.

Or He Thinks She Does.

The thing a man enjoys about a love affair is that he has found someone at last who believes everything he says.—Boston Transcript.

FRIDAY, MARCH 17, 1922

NEW "BOOTLEG" POISON

The discovery has been announced by the Industrial Alcohol Division of the Prohibition Commissioner's Department of an organization engaged in wholesale treatment of denatured alcohol for the purpose of converting it into "bootleg" whiskey. Denatured alcohol can be purchased in the open market without restriction for 35 cents a gallon, and this organization purports to nullify the poisonous character of the alcohol by chemical treatment.

The process of changing denatured alcohol into so-called whiskey, government chemists have ascertained, requires the use of either bichlorid of mercury, lysol, formaldehyde or some similar disinfectant, and after this process is completed the fluid must be colored, and in order to do this, iodine is being used in many instances, as well as lead, copper and zinc poisons.

This mixture results in a liquor which, although it may closely resemble grain alcohol in color and odor, it is asserted nevertheless contains enough of the poisonous elements of wood alcohol to be a serious menace to the life of those who take a desperate chance in using it. In addition to the poisonous elements of denatured alcohol which remain in the liquor, the poisonous ingredients used in transforming it seriously affect the tissues of the body.

The government authorities state that the liquor thus produced does not kill or bring about total blindness, immediately, as does pure wood alcohol, but it attacks the nerve tissues and digestive organs in such a way as to produce total paralysis within a year or two and eventually blindness and death.

And yet there will be plenty of poor fools everywhere eager to pay high prices for the poison, and drink it. "What fools these mortals be!"

PRICE COMBINE IMPROBABLE

It is a favorite argument of those who are opposed to the American valuation principle, that the American producers could, if that plan is adopted in our tariff bill, combine to raise the wholesale selling price of a particular article. But it is evident that this would result in permitting the foreign competing article to enter and be sold at a still greater differential.

For example, suppose an article of domestic manufacture has a wholesale selling price of \$2.00 and the foreign competing article has a foreign valuation of \$1.00, and the duty is 50 per cent based on the American valuation. Then the foreign article pays \$1.00 duty and goes to the distributor on the same basis as the American article. But if a combine could be effected by the American producers of that article to raise the price to \$2.50, the foreign article would then pay \$1.25, and come in at \$2.25, and go to the distributor at 25 cents under the price set by the American combine.

It is likely that the American producers would combine to give the foreign importer the advantage of this 25 cents differential?

A \$300,000,000 DROP

In the opinion of treasury officials, receipts of income and profits taxes due March 15 will show a decrease of more than \$300,000,000 as compared with collections by the government during March of last year.

The Secretary of the Treasury estimates the first installment of taxes on incomes and profits for 1921 will amount to \$460,000,000, as against more than \$727,000,000 taken in by the government last March, for the corresponding installment of taxes for the year 1920. The estimates for the first quarter of the present year, Mr. Mellon said, are subject to some uncertainty because of the shrinkage in business and profits during the calendar year 1921.

Against the \$460,000,000 expected this week, the Treasury had outstanding about \$530,000,000 in treasury certificates of indebtedness maturing March 15, but announced a new issue of certificates of \$250,000,000 of the same date.

INCREASED RAILWAY CONSTRUCTION

Statistics published by the Railway Age indicate that more construction work is under way or projected by the railways for 1922 than for several years past. This was attributed to the shortage of railway facilities and the improvement in railway net earnings within recent months. "It is significant," says the Age, "that public announcement already has been made to construct over 500 miles of new lines this year, and contracts already have been let for at least half."

The improved condition of the railroad business will be cheering news to the entire country, as it indicates a decided change for the better in business conditions generally.

Exports of thirty-two of the principal agricultural products grown in the United States increased 27 per cent in quantity during 1921, but decreased 39 per cent in value as compared with 1920, according to an analysis of trade statistics made public by the Department of Agriculture.

The United States Supreme Court, through Chief Justice Taft, and without dissent, handed down a decision upholding the authority of the Interstate Commerce Commission to fix state railroad passenger fare when necessary to remove "undue, unreasonable and unjust discrimination against interstate commerce."

Have Improved the World.

Every heart that has beat strong and cheerfully has left a hopeful impulse behind it in the world and bettered the tradition of mankind.—Stevenson.

Homely Babies Popular.

"Homely babies, especially those with freckles and red hair, are adopted, as a rule, more quickly than pretty babies," said the nurse in charge of a ward in one of Detroit's homes for orphans. "It seems that pretty babies, relying upon their good looks, fail to attract the attention of prospective foster-parents, while infants who were neglected when good looks were passed out, win their way into the hearts of childless couples through their happy smiles and flashing eyes."

KEMP'S BALSAM
for that COUGH!

BREAK CHEST
COLDS WITH
RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quick relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a par of Rowels Red Pepper Rub, made from red peppers, at any drug store. You will have the quick relief known. Always say "Rowels"

We'll Back the Farmer

This bank stands squarely behind all those things which serve to ease the problems of rural life and promote the general welfare of the farmers.

We're vitally concerned about poor yields, inadequate market facilities, low prices, insufficient credits, lack of transportation and every such problem affecting the farmer.

We want each farmer in this section, whether a customer of this bank or not, to know that we accept his problem as our own and offer him our help to satisfactorily meet these conditions.

"Oldest State Bank in Crow Wing County"

Any mother knows what constitutes true elegance in her Baby's stroller—graceful, pleasing lines, flawless weaving, fine flexible wickers, no sharp ends, handsome upholstery, harmonious finish, staunch construction.

This elegance is within reach of every mother.

And you will be sure to find them at Patek's from the large selections of the two lines of Komfy Kab and the Lloyd Loom Carriages.

Patek Furniture Company

LAND CLEARING BODY IS FORMED

Council Includes Three Business Men and Three Farmers. County Agent is Secretary

GENERAL BOARD OF DIRECTORS

Latter Composed of Two Representatives from Every Farm Bureau, One From Each Bank, Etc.

A Land Clearing Council was formed in Brainerd Wednesday afternoon at the meeting held in the Chamber of Commerce and attended by 100 representative farmers, business men and others interested in the development of Crow Wing county.

The Council is composed of three business men, J. J. Oys of the First National bank of Crosby, George Harris of Pequot and A. J. Hayes of the First National bank of Brainerd; three farmers, M. Marea of Gull Lake, Homer Dickerson of Outing, and Walter Peterson of St. Mathias. County Agent E. G. Roth is secretary.

On the general board of directors will be two representatives from every farm bureau unit in the county, one from each bank, newspaper and commercial club of the county.

A constitution was adopted and by-laws. Farmers are not charged for a membership. Business men are charged \$1 each. The council will meet and elect its officers.

The organization was formed in order to concentrate and direct public sentiment and public interest on the matter of clearing additional land; in order to make possible the cooperation of all people; and of every interested citizen in Crow Wing County to assist in land clearing development.

Any citizen of Crow Wing county who is actually engaged in clearing land may become a member of the association.

The Land Clearing Council shall have the power to employ such men as they deem necessary to carry out the work of the association and shall raise funds for the work of the association from membership dues, donations or any other way they may desire. A careful record shall be kept of all receipts and expenditures.

There were speakers of state-wide prominence at the session in the afternoon presided over by Michael Marea of Gull Lake.

George W. Lawson, secretary of the State Federation of Labor, spoke of the farmers bloc in congress and commended their work.

State Forester Cox of St. Paul spoke on reforestation and taking care of the slashings.

Other speakers were H. W. Byerly, of the immigration department of the Northern Pacific railway company and County Agent Barney Gustafson of Lake county, Attorney M. E. Ryan, R. S. Wilcox of the Brainerd Tribune, John A. Hoffbauer of the Brainerd Dispatch, Homer Dickerson of Outing, J. J. Borst of Pequot, County Agent A. W. Jacob of Aitkin, County Agent M. P. Ostby of Cass county, Mark Thompson of the Northeast Experimental Station of Duluth, S. B. Cleland of St. Paul, assistant state county agent leader; A. J. Schwantes, land clearing expert.

Representatives were present from Crosby, Deerwood, Pequot, Outing, Maple Grove, Long Lake, Ironton, Bay Lake, First Assessment District, Twin Lakes Farmers club, etc.

A meeting was also held in the evening at the Chamber of Commerce.

Miss Anna Himrod—Editor of Ironton News. To Hear "Thais" in St. Paul

Miss Anna Himrod, editor of the Ironton News, accompanied by her friend, Miss Pauline Hofmeister, was in the city enroute to St. Paul to hear Mary Garden in "Thais".

To Miss Himrod has come much fame. She was elected constable of Ironton and also a delegate to the republican county convention at Brainerd.

Take a Good Will Bag

Take a "Good Will" bag when our solicitor comes to your door in a few days—put it in a convenient place, and during house cleaning time and the summer months which follow just put into this bag any articles for which you have no further use. Clothing of all kinds, shoes, rubbers, hats, etc., also tin ware needing to be mended, odd pieces of china, glass, etc. Just any thing that can be worn or used about the house.

When this bag is ready for us, let us know and we will call for it.

Also from now on we shall be able to handle paper of all kinds, including news papers, magazines and books.

ASSEMBLY BACKS UP COMMITTEE

Trades & Labor Assembly Cooperates With Its Duly Appointed Charter Commission Committee

ON WATER & LIGHT BD. MATTER

Committee of Three Not Working on Own Initiative, But are Mouth-piece of Assembly

The Brainerd Trades & Labor Assembly has made this statement:

A resolution was adopted at the last meeting of the Brainerd Trades and Labor Assembly to co-operate and back any stand or position the duly appointed committee, known as the Charter Commission Committee, may take, relative to the Water and Light Board proposition.

It is further announced that this committee of three, are not working on their own initiative, or any motive of their interest, as some would infer. They being the mouth-piece of this assembly, their views are backed by every man of this assembly, who have the utmost faith in all their actions, until the conclusion of this revision.

E. W. MCQUILLIN IN RADIO FEAT

Brainerd Wireless Amateur Operator Hears Call 500 Miles Out at Sea From New York

MAN ON SHIP TALKED HOME

His Wife Wouldn't Believe Him First and Called Him a Nut for Joking Like That

One of the most wonderful achievements in local radio circles is that of E. W. McQuillin who on a night when air conditions were almost absolutely perfect, heard a New York man 500 miles out at sea call up his wife in New York and heard her talk to her husband.

The New York man's call was handled at the telephone exchange which has a receiving set and he was there connected with his home telephone. As the wife answered the call, she could not believe such a story. He had to do quite a little talking to convince her of his identity. The ship's location was given.

Several other passengers also talked by radio and telephone with their respective homes and the conversation was plainly heard in Brainerd.

Marriage Licenses

Jan. 17—Charles Leroy Smock and Velva Gladys Young.

Jan. 28—F. E. Olson of Bottineau county, N. D., and Nellie Mylan.

Feb. 1—Glen Alexander and Dorothy Senneke.

Feb. 18—Bernhardt Benjamin Erickson and Ruth Amelia Linn.

Feb. 20—Ernest C. Crust and Irene R. Taylor.

Feb. 21—John V. Hackett, of Ramsey county, and Cecelia D. Ernst.

Feb. 21—Omar F. Edwards and Leigh Sheridan.

Feb. 23—Joseph Horak and Stella Capistrant.

Feb. 27—William Infelt and Malvina A. Daly.

March 1—Walter D. Rohl, Cass county, and Edna S. Birnstihl.

March 2—Nathan Sankko and Katri Marttila.

March 14—Matt Koski and Annie Anderson.

Would You Like to Help

The "Good Will" wishes to take this opportunity to call the attention of the public to the many urgent appeals for help coming in from the unemployed and needy ones in our city.

This organization has helped during the winter months almost to the limit of its resources.

Just how much more we shall be able to help depends largely upon the cooperation of the people of Brainerd.

We believe many families have a surplus of vegetables, canned fruit, etc., which they would be glad to give if they know where to place them.

The "Good Will" becoming the distributing agency for these things, would be in a position to greatly relieve the situation by assisting these people for a few weeks until labor conditions become more satisfactory.

Would you like to help in this substantial way? If so call the "Good Will", and we will send our collector for your donation. Phone 28.

A Monopoly.

We never know what the future has in store for us—and the worst of it is we can't go to any other store.—Boston Transcript.

HAS HOMESTEAD IN NEW OIL FIELD

Art Magnan, Brainerd Carpenter, May be in Line for a Large Oil Fortune in Montana

BIG GUSHER NEAR HIS LAND

160 Acre Tract of Magnan's If It Shows but a Single Well Will Make Him Rich Man

Art Magnan, a Brainerd carpenter, employed by C. A. Rowley, is elated over the discovery of the new oil field in Montana. A 3,000 barrel flow gushed up in an oil strike at Kevin, about sixty miles from the Canadian boundary in western Montana on the Great Northern road.

Magnan has a 160 acre homestead close up to the strike. The new field has been dubbed the Sweet Grass Arch and is 300 miles from the Cat Creek field of Montana.

ENTERTAINMENT MARCH 17

To be Given by the Young Peoples Division Social of the First Baptist Church

The Young Peoples' Division Social of the First Baptist church will give an entertainment on March 17. St. Patrick's Day will be the occasion for much activity and interest on the part of the young people's division of the Sunday school when the Amomias and G. and G.'s will put on a unique social affair in the "lower temple". An invitation is extended to everybody. An enjoyable time is assured—so says Kenneth Nicholson.

7—Good Things to Amuse—7 Come listen, friends, to what we say. About the Baptist Young Folks' way Of entertaining you this Friday, On St. Patrick's Holy Day. The Lower Temple they will array Appropriate for fun and play. To enter, 7 cents you'll pay. Each seventh guest with proud display Will freely pass the entrance way. If 7 cents more you will outlay Then 7 good "cats" they will repay And to amuse you while you stay A 7-fold program they'll essay. Now, plan to come and don't delay But make the evening 7 times gay.

MORE BUSINESS FOR N. P. RAILWAY

The business thermometer is rising in the Northwest. Conditions are better than a year ago.

The Northern Pacific today announced a significant increase in freight movements during the month of February. Records compiled by the statistical department of the company, and received here today by Geo. W. Mosier, local agent, show that in February of last year 49,207 loaded freight cars were handled by the Northern Pacific and this February 55,571, an increase of 6,364.

Figures for other years show movements in February of the following number of cars:

1918 63,412
1919 52,971
1920 74,918

The increase in business for February 1922 is largely attributed to movements in coal and logs.

Ministerial Association

The Brainerd Ministerial Association will meet in regular session in the Y. M. C. A. Monday, March 20 at 10:30 a. m. The attendance of every minister is desired.

Snowflakes All Hexagonal. * One of the odd facts in connection with snow crystals is that practically all of the hundreds of different varieties are hexagonal in form.

The 'V' Bottom BOAT

Is not a compromise between the Flat Boat and the Round Bottom Boat, but is a distinct type, having been designed and perfected by America's greatest naval architects, and built by

"LEWIS"

in strict accordance with the designers' plans and specifications.

See display at

WOODHEAD MOTOR CO.

"CURTISS SCOOTERS" PLANS ARE RECEIVED

Owen E. Lewis, Local Boat Builder at Woodhead Garage, Honored by Noted Airplane Builder

TO BUILD ONE FOR GULL LAKE

Boat to be "V" Bottom, Single-Step Hydroplane Type, and to Go 50 Miles an Hour

Owen E. Lewis, local boat builder, is somewhat elated over the receipt of a set of building plans for the "Curtiss Scooter", with compliments of the great inventor. This novel boat is the outcome of a series of experiments with propellers, engines and other aeroplane equipment and very closely approaches the airplane without any of the dangers incident to flying.

The boat is of the "V" bottom single-step hydroplane type thirty feet long and ten feet wide with a limousine cabin which will protect ten passengers from the elements and spray, while plenty of deck room, fore and aft, is provided from which fishing and shooting may be done. The craft is capable of making speed of 50 miles per hour and draws only three inches of water. Mr. Lewis states the Curtiss people do not commercialize this craft as it is owned by Mr. Curtiss personally and is the only one of its kind in America. Mr. Lewis asserts that this boat can be built in a smaller size, using a correspondingly smaller engine, and will attain the same speed of the larger boat. He contemplates building and placing one of these boats on Gull lake this season.

Study Club

The following program will be given Saturday, March 18th at the Chamber of Commerce at 3:45 p. m. and all musical club members are urged to attend.

"Pictures We Like to Live With" illustrated by slides given by Miss Ruth Raymond chairman of Art Education, of Minnesota University.

Vocal solo by Miss Hilda Welmer.

APPRECIATION

Brainerd, Minn., Mar. 15, 1922.

Northern Home Furnishing Co., Brainerd, Minn.

Dear Sirs:

Want to thank you for the free leather rocking chair which I received from your house.

I was very much surprised to hear that I was the lucky one but very much delighted and thanking you again, I remain

Respectfully,

MRS. ROY SPEED,
405 13th St. S. E., Brainerd, Minn.

Dear Reader: You may be the lucky one to get the Silver Set to be given away tomorrow night. Have you given in your name? If not do so at once. This drawing takes place Saturday at 7:45 p. m. Store open until 8 p. m.

Charming New Dresses of Dull-Lustre Crepes

For women, of course. So richly effective; so softly clinging; so artistically designed.

Simplicity itself, you'll say; yet "style all the while"; so quietly adorned; so refined—with all the character of made-to-order frocks, yet all ready to put on and wear tomorrow.

And only \$30.00 to \$50.00.

So many other kinds as well, if you had something else in mind—all equally interesting in style and price.

BREAKS up FEVER

A chiropractor would rather get a fever case than anything else. Why? Because it is a common thing for fevers to break up after one or two adjustments have been given. Fever is excessive heat brought about by certain subluxations; as soon as the subluxations are adjusted and Nature can work normally again, the fever disappears. See your chiropractor. Consultations and spinal analysis Free.

Man Who Wrote "The Miracle Man" Says New Faversham Picture Exceeds

Interest in the forthcoming Selznick picture, "The Sin That Was His," starring William Faversham, which is being shown tonight at the Lyceum theatre reached new heights when Frank L. Packard, author of the story, voiced his belief that the feature is as great if not greater than any photoplay ever made from one of his stories.

Mr. Packard, who is widely known as the author of "The Miracle Man," "Greater Love Hath No Man," and other stories that have scored pronounced success between book covers as well as on the screen, lives at Lachine, Quebec.

When Myron Selznick obtained the screen rights to "The Sin That Was His," and arranged for its use as William Faversham's second starring vehicle he sent director Hobart Henley to Canada to confer with the author regarding the working out of certain situations and to obtain data to be employed in providing local color for the story's Canadian village scenes.

As the result of Director Henley's journey, Author Packard arranged to pay a visit to the Selznick studios in Fort Lee during the shooting of the scenes.

Everyone who has read "The Sin That Was His" is aware that the author achieved marked originality of plot and characterization in its telling. It is interesting, therefore, to have Mr. Packard say that the screen version will greatly emphasize these qualities.

"Thunderclap" at the Lyceum

"Thunderclap" is a stupendous picture, and advance notices call it the "greatest race track photodrama ever staged." It will come to the Lyceum theatre on Wednesday next week for a run of two days, matinee and night.

When the picture was playing at the Central theatre, New York, at large advance prices, the metropolitan papers carried column upon column about the thrilling and truly unusual scenes. In the midst of its run, William Fox, its producer announced that instead of showing it only in the big play houses of the city, he would release it over the country.

"The time to be exclusive," Mr. Fox said, "is when your picture appeals to an exclusive set of people. When a particular photoplay will attract the attention of those in all walks of life then all should receive a chance to see it."

The story deals with the race track. The interest centers around a boy, a girl and a paralyzed mother who win happiness when the boy's race horse "Thunderclap," wins a big race.

It is rated by critics as one of the finest pictures of the year.

Screen's Greatest Fight in "Tol'able David"

The story of David and Goliath is given a modern counterpart in the First National Attraction, "Tol'able David," by Richard Barthelmess, who in one of the most thrilling fight scenes ever depicted for the films, as a mere stripling of a youth, attacks and kills a veritable giant of the mountains, in the performance of his duty. "Tol'able David" is being shown tonight and Saturday at the New Park.

Richard Barthelmess in "Tol'able David"

Barthelmess's big fight scene comes at the culmination of two encounters with villains, father and son, who are seeking to retain the government mail sack which is entrusted to his charge. David kills them both, but before the one dies he hurls a chair at the boy he has wounded and has his revenge in seeing the gun drop from the boy's grasp.

When Luke, another brother, the modern Goliath, steps onto the scene, David is defenseless, with his left arm useless because of a bullet wound.

Headless of this, with the agility of a tiger he leaps upon his foe, and there ensues one of the most thrilling fights imaginable.

It ends when David, with almost superhuman strength, hurls his huge adversary over his back and falling in so doing he stumbles on his lost revolver.

Mary Miles Minter at New Park

A modern comedy of errors is "Her Winning Way," an adaptation of a famous London stage hit, in which Mary Miles Minter will be presented Sunday only at the New Park theatre.

The popular Realart star will be shown in the role of a cool and resourceful business girl, a young newspaper writer whose specialty is literary reviews and interviews with authors.

Gaston Glass, the Young French actor whose fine work as the violinist in "Humoresque" will be recalled by many picture lovers, is leading man with Miss Minter, and has the role of a shy young novelist who shrinks from society and especially from interviews.

When her editor assigns to Miss Ann Livingston, the girl in the case, the delicate task of getting an interview from the author who refuses to be interviewed, that enterprising young person is faced with a real problem. She is quite undaunted, however, and failing to get to the author by fair means, she tries foul ones—that is, if you consider climbing into his apartment by the window a foul means.

Once inside, and discovering that the maid has just left, the resourceful girl pretends that she is the new maid, and thereupon she begins her double duties—those of caring for the apartment and cooking her author's meals, and studying him with a view to getting copy for her story.

It looks as though the author would inevitably fall in love with the charming maid, but instead, he recklessly gets himself betrothed to another girl whom his anxious mother has picked out for him. But even that little incident scarcely perturbs Miss Minter, who, like all modern business girls, knows how to cope with every emergency.

Canada's National Parks.

The Canadian national parks comprise an area of about 6,000,000 acres. They are sanctuaries for wild fowl, deer, mountain sheep and goat, moose, elk, bear and buffalo, and a tourist wonderland of forest, well-stocked streams and lakes, glaciers, hot springs, waterfalls and mountains.

THIS WILL INTEREST STOMACH SUFFERERS

Says Indigestion Comes From an Excess of Hydrochloric Acid

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

WEALTHY CIRCUS OWNER, FRIEND OF TAYLOR, SLAIN

An unknown assailant fired through the window at Honest John Brunen, owner of the Ferrari circus at his home in Riverside, N. J. The circumstances of the shooting were similar

in some respects to that of the slain film director at Hollywood. Brunen's 18 year old daughter (right) had been

attending a motion picture show and hurried home to find her father had been slain.

MARKET REPORT

(By United Press.)

South St. Paul Livestock

South St. Paul, March 17.—Estimated receipts at the union stockyards today: Cattle, 1,400; calves, 1,000; hogs, 4,500; sheep, 400; cars, 123.

St. Paul Hay Market

Timothy—No. 1, \$20.50; No. 2, \$19; No. 3, \$15.
Alfalfa—Standard, \$22.50; No. 1, \$18; Clover Mixed—No. 1, \$19; No. 2, \$16; Midland Hay—No. 1, \$13; No. 2, \$10; No. 3, \$7.

Fine Paper From Truck Patch.

Swiss chard is a vegetable which is not very highly esteemed though it has a great deal to recommend it. It grows profusely in almost any part of this country wherever planted. It has been recently discovered by some experiments in a sugar mill at Yakima, Wash., that the stalks and leaves of this plant are capable of making a very superior paper resembling the parchment made by the Japanese.

Arkwright's Spinning Jack.

The Science museum, South Kensington, London, has acquired the only known specimen of the original Arkwright spinning jack, which has been in the Swain family for 150 years. It has 48 spindles, and is worked by hand with a five-foot wooden flywheel. Arkwright, after attempting perpetual motion, completed in 1768 a machine for spinning cotton thread.

Points the Way—for Others.

We are not disparaging idealism, but an "idealist" is too frequently a man who has high notions of what the other fellow ought to do.—Boston Transcript

TAX THE AUTO OWNER AND RELIEVE GEISHAS

By CLARENCE DUBOSE
(United Press Staff Correspondent.)
Tokyo (By Mail).—The geisha think the taxation program of the recent government is fine—just perfectly charming. And the owners of automobiles in Japan think the policy is rotten.

The debate waxed warm in all the tea houses these days.

The new budget has trimmed the taxes of all the geisha, who are the waitresses and entertainers in Japanese tea-houses. And it has added another boost to the already stiff automobile taxes.

In political circles the opposition parties are laughing at what they term a "bone-head play" by the Seiyukai, which is the party in power. "The geisha can't vote, whereas most automobile owners can. So just wait until election day!" they chortle.

If Japan's automobile taxes had prevailed in America, Henry Ford would have flunked before he ever started. At present taxes and upkeep for one year here equal approximately the initial cost of a low-priced car. "Finlizzies are few and far between and any automobile is a luxury."
